(refer 2.a)

The Apparent Temperature (AT) (also known as *Heat Index*) is an adjustment to the *ambient temperature* based on the level of relative humidity. The AT is used to determine safe conditions for play in instances of extreme heat.

In regard to all matches:

- a. if the AT at the commencement of play is greater than 35 but during play doesn't exceed 37, then one mandatory drink break of 10 minutes will be taken at the conclusion of the 11th end.

- b. If the AT exceeds 37 for 5 minutes, all matches will stop for a period of up to one (1) hour in the hope that the AT will fall below that point.
- c. In the event that the AT does not fall below 37, play for the remainder of the day will be abandoned (refer 5j(x)).

Should the above occur, players will be instructed by the Controlling Body to leave the green and adjourn to the shaded area adjoining the clubhouse or the clubhouse itself and take fluids to prevent dehydration.

- iii) In the event of particularly heavy or extreme rain before the commencement of play, the Controlling Body will decide whether play should commence. As per section 5j(x), the Controlling Body can wait for a period of up to one (1) hour before making a decision on the conditions and the playability of the green.
- iv) If the Controlling Body believes that lightning poses a threat to the safety of participants, then matches will be suspended and players directed to take shelter until the threat has abated. The general rule to make such a decision will be based upon the sight of lightning followed within thirty (30) seconds by thunder.

If the winds continue making a restart impossible, then matches will be abandoned (refer 5j(x)).
- vi) If inclement weather delays or interrupts a game, failure of a Singles player or team to be present if the game is to proceed will result in the match being awarded to the non-offending team.
- vii) The Controlling Body on the day may remove the players from the rink if they consider continuation would affect the health of the bowlers, or cause damage to the rinks. There need not be an appeal from the players or umpire.
- viii) If play has been suspended and the weather improves, the skip may appeal to the Controlling Body to resume play. Only if the weather has improved, would the Controlling Body give permission.
- ix) In the event that the Controlling Body has suspended play and there has been no noticeable improvement in the weather conditions for one (1) hour, then play will be abandoned.
- x) Players may appeal to the Controlling Body or umpire to come off in extreme weather conditions or darkness, or if no Controlling Body or umpire present, then by mutual agreement. The Controlling Body is the authority to abandon a game, and will take advise from the green keeper.

k) Replacement Players/Substitutes

- i) As defined by Law 51.1/2/3 and Domestic Regulations 4 in the “Laws of the Sport of Bowls (Crystal Mark 3rd Edition)” and State Conditions of Play.

- ii) Permission for a substitute can only be granted by the Controlling Body and signed by the umpire of the day before commencement of play.
- iii) Substitutes must be financial members of the Men's Section. Affiliated players are not eligible to act as substitutes.

l) Eligible Players

- i) No members of the Men's Section, being also a member of another bowling club, who has entered a championship or played Pennants for that other club in the same season or year where appropriate, will be eligible to compete in the championships or Pennant teams of the Men's Section without clearance from the Zone 10 Match Committee/State Match Committee.

m) Finals

- i) All finals if possible will be played within four weeks of the completion of the semi-finals. If not, the Match/Greens Committee will decide the date to play and this date will come under the play or forfeit rule.

n) Representing the Club

- i) Any member who refuses to play in the position allotted to him must withdraw from the team.
- ii) Members receiving notice of selection to play matches, but who are unable to play, will advise a Competition Panel member immediately, in order that another player may be selected and notified.
- iii) Players will be in attendance, ready for play in matches at the specified time for start of play. Any player not at the green at the specified time (30 minutes from schedule commencement) may be omitted from the day's play in accordance with the Laws of the Sport of Bowls (Crystal Mark 3rd Edition).
